GAME DESCRIPTION

Flamin Hot 7's is one of our most popular games with its 3x3 reel set and 5 Win lines. The Respin feature is the main part of the game and you can win up to 500x in the feature alone by collecting 9 of the Flamin Hot 7's. This doesnt include any sticky win lines given in Respins so you can win even more if you connect the win lines. The feature hits on a regular basis so you wont need long to see the game in action.

Land a minimum of 2 Flamin 7's in the base game to trigger the Respins feature. If you land 1 or more 7's on the respins then the Feature will continue until you dont land any more Flamin 7's or you have landed all nine. Win Lines are also included in the Respins feature so if you land a win line early then it will repeat the win if you are still Respinning. Land all 9 for Big Money!
